Meta Descriptions

A-D Metal Roofing provides top-quality metal roofing solutions in Morehead City. Offering emergency and same-day services to ensure your roof is always protected. Call us today for a free estimate!

FAQ Section

Q1: What types of metal roofing do you offer?

A: A-D Metal Roofing provides a variety of metal roofing options including standing seam, corrugated metal panels, and metal shingles. We work with materials such as steel, aluminum, and copper to suit d

Q2: How long does a metal roof last?

A: Metal roofs are highly durable and can last 40 to 70 years, depending on the material and the level of maintenance. Our expert installation ensures maximum longevity and performance.

Q3: Are metal roofs energy efficient?

A: Yes, metal roofs are energy efficient. They reflect solar radiant heat, which can reduce cooling costs by up to 25%. We also offer coatings that enhance energy efficiency further.

Q4: How much does a metal roof installation cost?

A: The cost of metal roof installation varies based on factors like material choice, roof size, and complexity of the installation. We offer free estimates to provide an accurate quote tailored to your s

Q5: Do metal roofs require special maintenance?

A: Metal roofs require minimal maintenance compared to traditional roofing materials. Regular inspections and occasional cleaning to remove debris are generally sufficient to keep your metal roof in good

Local SEO Checklist

[*] Verify Google Business Profile is claimed and optimized

[*] Add business to Bing Places for Business

[*] Ensure NAP (Name, Address, Phone) consistency across all platforms

[*] Add location-specific keywords to title tags

[*] Create location-specific landing pages if serving multiple areas

[*] Build local citations on industry directories

[*] Encourage and respond to customer reviews

Implementation Steps

1. Backup your website before making changes
2. Add schema markup to your site's <head> section
3. Update meta descriptions in your CMS or HTML
4. Create new pages from the generated content outlines
5. Publish FAQ section with schema markup
6. Test with Google Rich Results Test
7. Request re-indexing in Google Search Console
8. Run EkkoScope verification audit after 24-48 hours

WordPress Code (functions.php)

```php
<?php
/**
 * EkkoScope AI Visibility Fixes for A-D Metal Roofing
 * Generated: 2025-12-01T18:16:41.550958Z
 */

// Add Schema Markup to <head>
add_action('wp_head', 'ekkoscope_add_schema_markup');
function ekkoscope_add_schema_markup() {
    echo '<script type="application/ld+json">{
  "@context": "https://schema.org",
  "@type": "LocalBusiness",
  "name": "A-D Metal Roofing",
  "url": "http://admetalroofing.com",
  "image": "http://admetalroofing.com/logo.png",
  "description": "A-D Metal Roofing specializes in metal roofing solutions for residential and commercial properties.",
  "address":
```

1.   Deploy all generated fixes to your website

2.   Wait 24-48 hours for search engines to re-index

3.   Run a fresh EkkoScope audit to verify improvements
